From the Principal

From 2025, Georges River College Penshurst Campus will become co-educational.

This follows comprehensive community consultation undertaken by the NSW Department of Education in the Georges River school communities to better understand parent and student decision-making regarding high school enrolment choices.

The consultation found strong support for co-educational options, particularly among future parents.

In 2025 the school will become co-educational in Years 7 and 8. Years 9 and 10 will become co-educational in 2026. Care will be taken in the transition to ensure all students are well supported during the changes.

I would like to invite prospective parents and students to an information Open Night on Thursday 29th February 2024 at 5.30pm. There will be tours of the school, faculty displays, Science and PDHPE demonstrations, music performances and more.

I look forward to meeting you and showcasing our exciting and high performing learning community.

Ms Noeline Ross

Principal

Georges River College Penshurst Campus

We are a learning community committed to the development of resilient, independent and respectful young people who aim for personal excellence in all that they do.
